Hair Color Thickening Drops

PROFESSIONAL USE HAIR COLOR ADDITIVE

Designed to give the colorist total creative control by thickening the hair color enough to allow it to be applied to the hair without dripping or bleeding, Color.Freedom™ is compatible with any hair color brand to achieve optimal color, highlights, lowlights and even direct dyes; no foils needed. Just a few drops will allow you total freedom to achieve any color technique in one single process.

- Go Green...go FOIL-FREE!
- Simplify Coloring!
- Greater Control!
- NO bleeding
- NO change in color absorption
- NO change in processing time

For complete product application instructions and usage tips & tricks please visit

Full product instructions are also available on product packaging.

CONTAINS A.B.S.™ (ANTI-BREAKAGE SYSTEM™) PROPERTIES, AND IS ALSO FORMULATED FOR USE WITH OTHER A.B.S.™ PRODUCTS FOR OPTIMAL HAIR PROTECTION.

GO GREEN... GO FOIL FREE!

Color.Freedom™ by Hair Forensic Laboratories™ allows colorists to execute their services without the burden of using foil! Greatly reduces salon waste, including wasted money!

When mixed with any type of hair color, Color.Freedom™ creates an invisible barrier preventing any bleeding from occurring, allowing colorists to work freely.

Highlights, lowlights, direct dyes...anything! Color.Freedom™ will not affect the processing time, or the penetration of the color into the hair.

TRY IT OUT TODAY!

SIMPLIFY COLORING!

Multiple applications at the same time!

When creating multi-tone looks, colorists often need separate applications to achieve the desired effect, but with Color.Freedom™, you are free to do it all at once! Apply multiple colors, or even apply color and highlights at the same time!

SAVE TIME.

MAKE MORE.

ENJOY LIFE.

GREATER CONTROL

Color.Freedom™ by Hair Forensic Laboratories™ lets you work on multiple clients at once! Check color processing status at a distance; no need to open up foil to check on the hair!

Color.Freedom™ color thickening drops also gives the colorist greater control over the entire coloring process, including preventing the color from leaking onto your clients' clothing and skin.

Watch & control the color processing.

THE POSSIBILITIES ARE ENDLESS!
